

# ANASSA

Anassa means 'Queen' in ancient Greek, a perfect name for this truly majestic property which is set within some of the most pristine countryside in the Mediterranean, in a location overlooking one of the finest beaches in Cyprus, beyond the Akamas peninsula and the famous Baths of Aphrodite. Anassa is just the right blend of five-star luxury, classical architecture and seclusion, the enchanting Anassa Guest Villas exude the sleepy charm of an ancient Byzantine village.

All 166 rooms are extraordinarily spacious, opening up to balconies with panoramic sea views. Some suites have private plunge pools and whirlpools on sea view terraces.

Overseen by the ever-inspiring Executive Chef David Goodridge, Anassa is the only resort in Cyprus that makes its own cheese, breads, pastries, jams and sauces onsite for the freshest, most authentic flavours (including gluten, sugar and dairy free).

A hideaway paradise infused with majesty, mystery and magic. From sweeping sands to lush landscaped gardens, olive tree dining terrace to beach-chic private gazebos, every inch of Anassa brings the wild beauty of the local landscape to life.
