

GLYFADA

ATHENS RIVIERA

One&Only

AESTHESIS

Situated in 21-hectares of exclusive beachfront estate in Southern Athens, One&Only Aesthesis is our new Grecian escape, currently under development. Wrapped in ancient mythology in the heart of the Athenian Riviera, where lavender lands meet sapphire waters and our collection of rooms, suites and villas embody the timeless glamour of the Aegean.

A sense of nostalgia emanates from every corner of One&Only Aesthesis, harking back to the golden days of the Athenian Riviera. The resort breathes new life into the glamour and sophistication of a bygone era, and offers locals and international travellers a chance to experience the true magic of the Athenian Riviera in style.

The architecture pays homage to mid-century design with high ceilings, woven leather, muted tones, and accent patterns that embody the inherent beauty of cosmopolitan Riviera. Stone architecture draws on the elements of nature, and breath-taking natural light, to create a thoughtfully balanced, unique design.

Total Room Number:
127 in total
